General information

This EOL notification announces the cessation of manufacture of the devices mentioned herein. The device EOL information is supplied prior to cessation of manufacture to enable related customers to make the necessary adjustments to

their present and future purchasing plans. Users of these devices should review this martial carefully and ensure that final purchases are made within the schedule as defined in the following terms and conditions.

Last purchase date

This is the final date at which orders will be accepted for deliveries of the mentioned devices. After this date Virtual Access cannot enter into negotiations regarding the purchase of these phased-out devices.

Production stops

After this specified date, no more devices will be manufactured and last deliveries made. At this point, the devices can be said to have reached their end of life status.

Suggested replacement device

The alternative devices are the recommended replacement devices for the phased-out devices. The suggested devices should functionally replace the original device, however this is offered as reference information only. Virtual Access offers no guarantee that the suggested replacement device will have exactly the same form, function or specification of the phased-out device.

Device pricing

The subject of pricing for the specified devices under notice of phase-out is one that must be discussed with the Virtual Access Sales Department. Quotations for devices will depend on several factors and can only be given upon individual requests.

Limited warranty

All devices under notice of phase-out shall be subject to the Virtual Access Standard Limited Warranty.
