

Virtual Access GW6600V Series End of Life Notice

End of Supply Schedule

To provide a better service for our customers and partners, Virtual Access is initiating the End of Life management process for the following GW6600V Series models:

VA Model Number	Description
All GW6600V Series routers	All GW6600V models

Last order placement date: 31st December 2021

Last production date: 30th June 2022

End of non-contracted support: 31st December 2022

Contracted support only, after: 31st December 2022

This EOL notice is necessary due to component obsolescence. Please note that we cannot guarantee to accept any order as we have a very limited number of components that are required to manufacture the product. Available components will be allocated to customer orders on a first-come first-served basis.

All models currently under warranty or support contract will continue to be supported for the warranty or support contract period.

Suggested replacement products

VA Model Number	Replacement
GW6600V	GW6650V

General information

This EOS notification announces the cessation of manufacture of the devices mentioned herein. The device EOS information is supplied prior to cessation of manufacture to enable related customers to make the necessary adjustments to their present and future purchasing plans. Users of these devices should review this martial carefully and ensure that final purchases are made within the schedule as defined in the following terms and conditions.

Last order placement date

This is the final date at which orders will be accepted for deliveries of the mentioned devices. After this date Virtual Access cannot enter into negotiations regarding the purchase of these phased-out devices.

Last Production Date

After this specified date, no more devices will be manufactured, and last deliveries will be made. At this point, the devices can be said to have reached their End of Life status.

Suggested replacement products

The alternative devices are the recommended replacement devices for the phased-out devices. The suggested devices should functionally replace the original device, however this is offered as reference information only. Virtual Access offers no guarantee that the suggested replacement device will have exactly the same form, function or specification of the phased-out device.

Device pricing

The subject of pricing for the specified devices under notice of phase-out is one that must be discussed with the Virtual Access Sales Department. Quotations for devices will depend on several factors and can only be given upon individual requests.

Limited warranty

All devices under notice of phase-out shall be subject to the Virtual Access Standard Limited Warranty.
