General information

This EOL notification announces the cessation of the devices mentioned herein. The device EOL information is supplied to enable related customers to make the necessary adjustments to their present and future purchasing plans. Users of these devices should review this material carefully and ensure that future purchases are made as defined in the following terms and conditions.

Suggested replacement device

The alternative device is the recommended replacement device for the EOL device. The suggested device should functionally replace the original device, however this is offered as reference information only. Virtual Access offers no guarantee that the suggested replacement device will have exactly the same form, function or specification of the EOL device.

Device pricing

The subject of pricing for the specified device under notice of EOL is one that must be discussed with the Virtual Access Sales Department. Quotations for devices will depend on several factors and can only be given upon individual requests.

Limited warranty

All devices under notice of phase-out shall be subject to the Virtual Access Standard Limited Warranty.
